- STC 2025-01 - 19 North Chestnut Street

### **Approval of Minutes:**

### **Arbor Day:**

Neil Bettez met with Superintendent Gratto and Director of Facilities Michael Logue to discuss planting a tree at the middle school, where the district office used to be. They prefer a sugar maple, planted similarly to other trees along the road, with the Climate Club helping to dig the hole. The plan is to plant the tree on Arbor Day, Friday, April 25th, at 2:45 PM, with students involved in the process.

STC needs to discuss the tree purchase, delivery, and potential additional planting locations this spring.

### **Follow up:**

- Status of replanting follow up from prior application decisions.
- Possible new member interested in joining STC. Follow up with Shelly Ottens.
- Status on working with Davey Resource Group, an environmental consulting company to apply for the Community Reforestation (CoRe) Grant being offered by the NYS Department of Environmental Conservation.

**Announcement:** The next meeting will be on April 9, 2025.
